Travel Speed	3.1-5.2

Applications:

Used Volvo Digger is an excavator manufactured by Volvo. It is known for its brand name Volvo and model number EC480D. This excavator is made in France and boasts a maximum digging depth of 7720, engine make of Volvo, max loading height of 7640, operating weight of 47900-50500, and arm digging force of 251. It is a reliable and cost-effective excavator. This used Volvo digger is perfect for any job requiring heavy digging and excavation. It is ideal for a wide

range of applications such as mining, construction, landscaping, and demolition. It is highly recommended for any work involving deep excavation, as it is able to reach depths of up to 7720. The Volvo EC480D used digger is renowned for its reliability and cost-effectiveness, making it a great choice for any project.

Support and Services:

We provide technical support and service for Used Volvo Excavator. Our professional team is available 24/7 and can provide assistance with installation, operation, repair, and maintenance. Our experienced technicians can diagnose and troubleshoot any issues with the excavator, and provide timely solutions. We also offer spare parts replacement and maintenance services to ensure that your excavator is always in top condition.

Packing and Shipping:

The Used Volvo Excavator is properly protected and secured in a wooden crate with Styrofoam fitted to absorb shock and vibration. The crate is then wrapped in waterproof plastic sheeting to prevent any moisture damage during shipment. The entire package is then securely strapped to a pallet for easy handling and transport.
