Bucket Capacity	1.5m³
Max Digging Radius	10920mm
Max Digging Height	10240mm
Travel Speed	3/5km/h
Brand	CAT
Max Digging Depth	7390mm
Engine Model	C9
Gradeability	70/35%

Applications:

Used CAT Excavators - High Efficiency and Reliable Performance

The Used CAT Excavators, model 336D, are high quality heavy duty excavators manufactured by the well-known brand Caterpillar. Originating from America, these excavators are designed to provide efficient and reliable performance in the toughest construction environments.

With a maximum digging height of 10240mm and a maximum digging radius of 10920mm, these excavators are capable of handling a wide range of construction tasks, making them a popular choice for contractors and builders.

Equipped with a powerful engine, the Used CAT Excavators have a power output of 200/2000kw, providing the necessary strength to tackle even the most challenging digging projects. The maximum digging depth of 7390mm ensures that these excavators can reach deep into the ground to complete the job efficiently.
