Basic Information

- Place of Origin: Japan
- Brand Name: Komatsu
- Model Number: PC60
- Minimum Order Quantity: 1set
- Price: 8800-23800 USD
- Packaging Details: Container,Bulk
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: About 4 units are supplied every month

Product Specification

- Travel Speed: 4.5/2.8km/h
- Engine Model: 4D95LE
- Working Weight: 6300kg
- Model: PC60
- Capacity: 0.28-0.37m³
- Max Digging Height: 7150mm
- Overall Size: 6.08×2.23×2.59m
- Max Digging Depth: 4100mm
- Highlight: **PC60 Used Komatsu Excavator,
PC60 Komatsu Construction Excavator,
Second Hand Komatsu PC60 Excavator**

PC60 In 2020 Komatsu Construction Excavator With Capacity 0.28-0.37m³

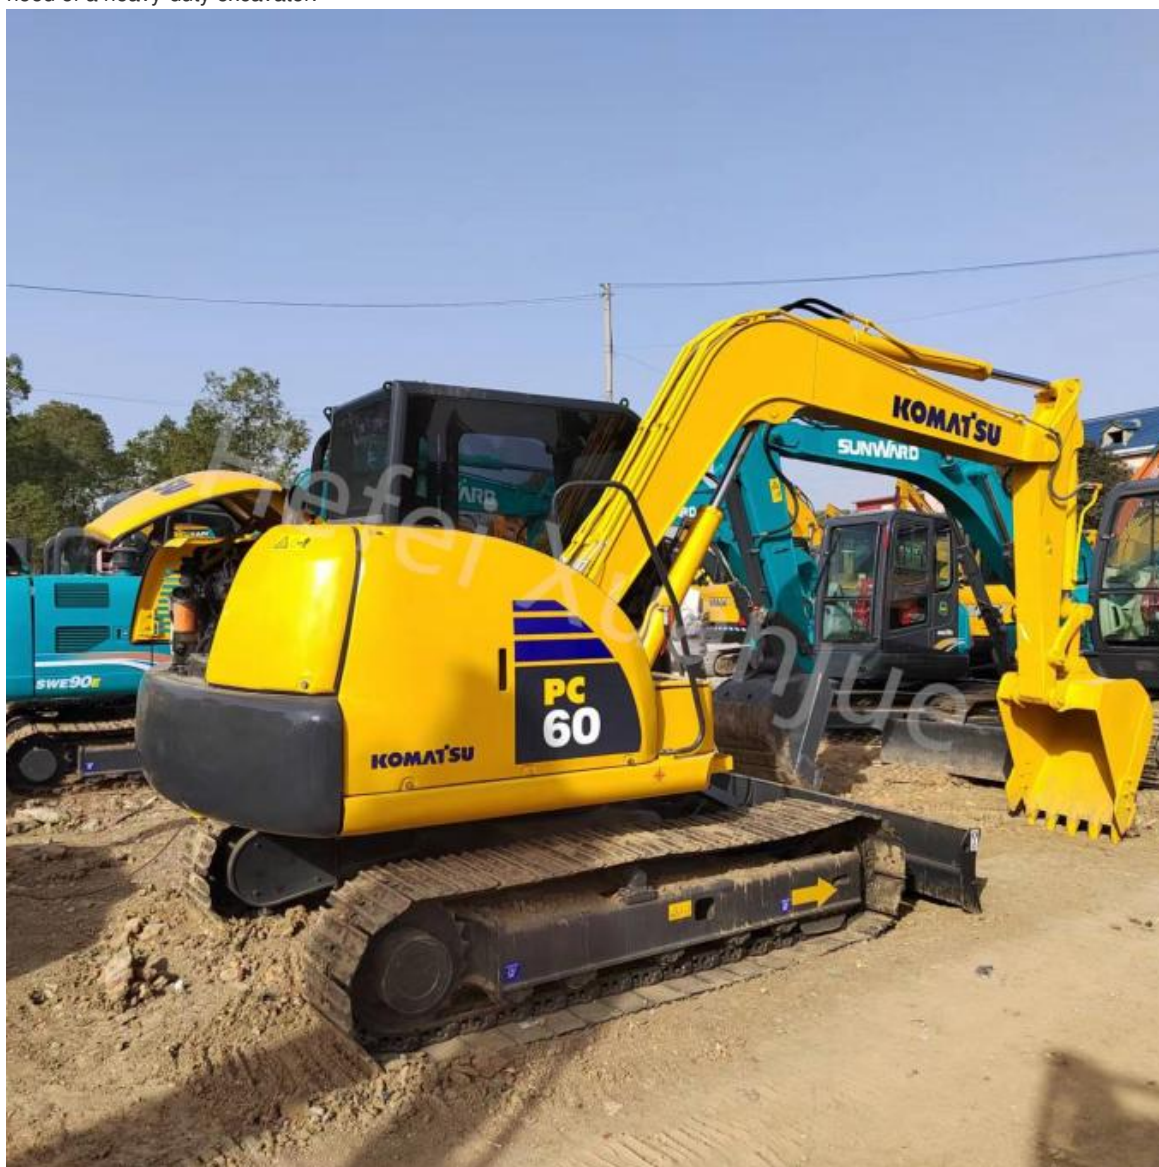

Product Description:

The Used Komatsu Excavator is a reliable and efficient machine designed for heavy duty earth moving and digging tasks. With its PC60 model, this Komatsu excavator is equipped with top-of-the-line features and capabilities that make it a popular choice among construction companies and contractors.

The Komatsu Earth Moving Excavator has a travel speed of 4.5/2.8km/h, making it a powerful and fast machine for transportation and maneuvering on job sites. This allows for increased productivity and efficiency, saving valuable time and resources.

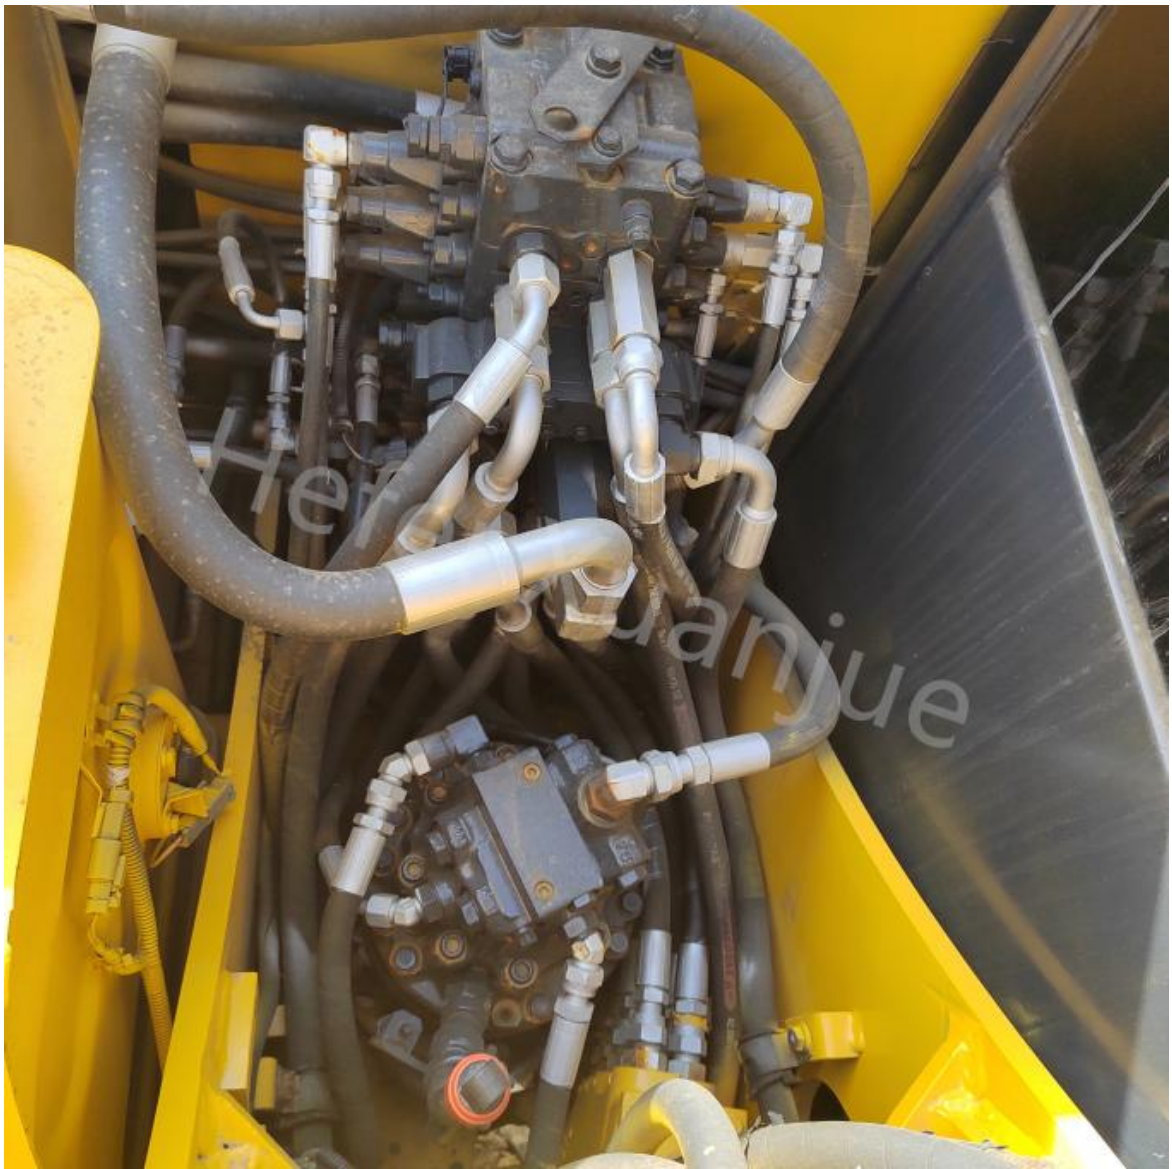

Measuring at 6.08×2.23×2.59m, this Komatsu Digging Excavator has a compact and sturdy design that can easily navigate through tight spaces and rough terrain. Its size also makes it easy to transport to different job sites, making it a versatile machine for various construction projects.

In summary, the Used Komatsu Excavator is a powerful and versatile machine that is perfect for any earth moving or digging task. With its PC60 model, it offers top-of-the-line features such as a high travel speed, compact size, impressive digging depth, and large capacity. It is a reliable and cost-effective choice for any construction company or contractor in need of a heavy-duty excavator.

Technical Parameters:

Technical Specifications of Used Komatsu Excavator	
Komatsu Heavy Equipment Excavator	Komatsu Digging Excavator
Komatsu Construction Excavator	
Overall Size	6.08×2.23×2.59m
Model	PC60
Capacity	0.28-0.37m³
Max Digging Depth	4100mm
Travel Speed	4.5/2.8km/h
Max Digging Height	7150mm
Working Weight	6300kg
Engine Model	4D95LE

Applications:

Equipped with a hydraulic system, this Komatsu excavator offers efficient and precise digging capabilities. The hydraulic system allows for smooth and precise movement of the digging arm and bucket, making it easy to handle and control the excavator.

Versatile Komatsu Construction Excavator

This Komatsu excavator is not only suitable for digging, but also for various other construction tasks. Its compact size and maneuverability make it perfect for working in tight spaces, while its powerful engine and digging capabilities make it suitable for a variety of construction projects.

This Komatsu excavator is suitable for a wide range of applications, such as building construction, road construction, landscaping, and more. It can easily handle tasks like digging trenches, excavating foundations, and moving heavy

materials, making it a versatile and indispensable machine for your construction projects. In summary, this used Komatsu excavator is a reliable and high-quality choice for your construction needs. With its impressive specifications, efficient hydraulic system, and versatile capabilities, it is the perfect addition to your construction equipment fleet. Don't miss the opportunity to own this top-performing Komatsu construction excavator today!

Packing and Shipping:

Packaging:

All necessary components and attachments are securely fastened and packed inside the excavator. The excavator is then covered with a protective layer to prevent any damage during transport. We use high-quality packaging materials to ensure the safety of the excavator during shipping.

Shipping:

We offer both domestic and international shipping options.

For domestic shipping, we use reliable and reputable transportation companies to deliver the excavator to your desired location.

For international shipping, we work with trusted freight forwarding companies to ensure smooth customs clearance and delivery of the excavator to your specified destination.

We provide tracking information to our customers so they can monitor the progress of their shipment.

With our careful packaging and efficient shipping methods, you can trust that your used Komatsu excavator will arrive in excellent condition and on time.
